

CSHM Policy on Hospitality Events

1. For the purposes of this policy, Hospitality Event is defined as a social/networking opportunity that is supported by a vendor (or vendors) and could include sales pitches for measurement related products and services. These events shall be organized such that the primary audience is CSHM students. Food and/or alcohol are usually served at the event.
2. Any vendor, whether or not they have purchased a booth at the CSHM, may also sponsor a Hospitality Event as long as they adhere to the following guidelines:
 - The promotion of these events is done without violating the education first philosophy of the CSHM. For example, pseudo booths shall neither be set up in the School area nor personnel used solely for the promotion of the Hospitality Event used.
 - Vendors who want to distribute their invitations for hospitality events must do so via personnel that are employees of that company and who are registered as a student or part of the vendor booth staff.
 - Hospitality Events may not be open during the CSHM School teaching hours.
 - Vendors are responsible for providing safe home alternatives to hospitality suite guests i.e. Taxi cabs.
3. The CSHM is neither responsible nor liable for any activities conducted within Hospitality Event.
4. Any dispute or issue with this policy must be resolved by the vendor, the CSHM event planner and the CSHM Chair or his/her designate. No appeals are granted and the resolution reached is final.
5. Any contravention of this policy could jeopardize the vendor's participation in future Schools
